What to expect during severe weather

Tornados and severe weather

Staff move campers to the building's designated severe weather refuge area. Campers stay sheltered until OU sends an "All Clear" alert.

Fire and evacuation

Campers leave by the stairs to a designated assembly area, where staff take attendance. No one goes back inside until emergency personnel say it is safe.

Flooding, wildfire smoke and heat

Staff are advised to keep campers away from flood water, move them indoors when there is smoke, and give water and shade breaks while watching for heat illness.

Reuniting with your camper

Not every weather event will affect camps and youth programs to the extent that evacuation or parent or guardian pickup is necessary. During a weather emergency, the applicable camp will contact parents and guardians as health and safety allow.
